Family homeschool week

Blank shared plan • Week of _____ • Family _____

Put shared activities here. Use the next page for each child’s individual tasks. A plan is not an attendance or completion record.

Day	Shared activity or outing	Time / materials	Who / follow-up
Monday			
Tuesday			
Wednesday			
Thursday			
Friday			

Appointments and supplies	Move to next week

Individual learner week

Blank learner plan • Learner _____ • Week of _____

Copy one page per child. Choose manageable tasks and mark actual completion after the work is done.

Subject / focus	Task or resource	Planned day	Done / next step

Learner reflection / parent note

What worked	Adjust next week

Mixed age week example

Fictional example • Week of October 19, 2026 • Replace with your own plan.

Day	Shared activity	Maya age 8	Leo age 12
Monday	Library visit, 10 am	Read and retell one story	Find two sources for history topic
Tuesday	Garden observation	Sketch a plant and label parts	Compare growth measurements
Wednesday	Cooking together	Measure half cups with help	Scale the recipe to 1.5 batches
Thursday	Quiet project block	Practice 10 spelling words	Draft a project paragraph
Friday	Weekly review	Choose one finished piece	Review notes and plan next task

How the two pages work together

The family page holds the shared commitment. Each learner page holds the task at that child’s level. If Tuesday changes, move the shared visit once, then adjust only the affected learner tasks. Record what actually happened separately if you maintain attendance records.

Example follow-up: borrow the history book on Monday; check cooking supplies on Tuesday. These are examples, not a required curriculum.
