FICTIONAL FILLED EXAMPLE

Date and fixed commitments

Fictional workday | Client call 11:00-11:30 | Leave desk at 12:00.

Main outcome and first action

Send the revised quote. First action: open the draft and check the two missing line prices.

Time blocks and transitions

09:00-10:00 quote; 10:00-10:15 break; 10:15-10:45 expense entry; 10:45-11:00 buffer; 11:00-11:30 call; 11:30-11:45 follow-up; 11:45-12:00 shutdown.

Up to two additional tasks

Enter one batch of expenses (30 min). Send the call follow-up (15 min).

Buffer and tasks to defer

Keep 15 minutes unassigned before the call. Defer the optional 45-minute filing task; it does not fit this morning.

End of day and next action

Record actual progress. If the quote waits for a reply, note the question and follow-up time instead of marking it sent.
